## Charging your speaker

Before using your speakers, it is recommended to fully charge the devices to ensure optimal performance. To charge the speakers, connect the two speakers with the dual USB cable to a USB port from the power source (e.g. a notebook).

The speaker can be fully charged in around 3.5 hours from empty.

**Note:** For saving power, please turn off the power if the speakers are not in use.

## Pairing the Speaker with Your Bluetooth Device

1. Turn on the Bluetooth function on your smartphone, tablet, or notebook.
2. Turn on two speakers by switching the Power button to “ON”, the blue LED of Bluetooth /AUX (B/AUX) will flash slowly.
3. Wirelessly pairing two mono speakers to become stereo speakers:
  - 3-1. Press and hold the “**PAIR**” button on both speakers until the blue LED of Bluetooth /AUX (B/AUX) and green LED of STEREO on both speakers are flashing rapidly.
  - 3-2. Wait for a few seconds until the green LEDs (STEREO) on both speakers become steady on. The pairing of both speakers is completed.
4. Set up master speaker and pair with mobile device:
  - 4-1. After both speakers are paired together, press and hold the **Play/Pause** (▶||) button on one of the speakers until the LED indicator of Bluetooth/AUX (B/AUX) flashes blue and red rapidly to start pairing with your mobile device.
  - 4-2. Search or scan for available Bluetooth devices on your mobile device. The master speaker named “air2U E30” will be found on the list. Select the speaker and **CONFIRM** to pairing. This speaker becomes the master speaker identified by mobile device.
  - 4-3. If no action is taken to confirm the pairing of the master speaker and your mobile device, the master speaker will return to standby mode in steady green after 1 minute. The speaker will also disappear from the Bluetooth device list. Please resume 4-1 and 4-2 to establish the pairing.

## Notice

1. Please refer to the manual of your mobile device about how to activate the Bluetooth function. Key in password “0000” if it is required during the pairing.

2. The pairing of two speakers is required only for the first usage.
3. After your mobile device has paired with the master speaker, it automatically connects with the master speaker next time.
4. Turning off the master speaker will stop the music streaming.

### **Playback Music or Video Wirelessly**

1. Playback music or video from your mobile device. The sound automatically comes out from the speakers.
2. To have the best stereo and 3D audio enhancement result, it is recommended to place the speakers in different direction, such as your left and right.
3. You can adjust the volume and switch **PLAY/PAUSE** from both the speakers and mobile device.

### **Audio Input**

You also can playback music via connecting the 3.5 mm dual audio cable to **AUX IN** port on the speaker and to an audio output sources.

### **Important Notice**

1. Do not drop, damage and disassemble the product; otherwise the warranty will be void.
2. Avoid any contact of the device with water and dry your hands before using the device.
3. Do not expose the speaker to high temperatures and direct sunlight.
4. Avoid contact with sharp objects. Keep device from metallic objects.
5. For your own safety, do not use the speaker frame during thunderstorms or lightning.
6. Only use accessories recommended from the manufacturer.
7. Keep the speaker out of reach from children.
8. Keep the product away from all sources of fire and don't put them in the vicinity of the device.

If the life time of the product ends, try to recycle all components, if possible. Batteries and rechargeable batteries must not be disposed with household waste! Please dispose them at a local recycling center. Together we all contribute to protection of our environment.

## Specification

Item	Description
Power Output	2 x 2.5 W
Frequency	80 Hz - 18 KHz
S/N ratio	≥ 60
Distortion	≤ 1 %
<b>Connectivity</b>	
Pairing Name	air2U E30
Working Distance	Up to 10 m
Wireless Technology	Bluetooth v2.1+EDR
Interface	3.5 mm Audio in
<b>Power</b>	
Battery Capacity	900 mAh + 900 mAh
Charging Port	Micro USB
Music Playback Time	10 hours
Charging Time	3.5 hours
